

## Assessor Coach

The Assessor Coach is a dual professional, using their up-to-date professional knowledge and skills to support vocational and professional development across formal education and training as well as in any employer setting, and at any level. They may, for example, coach and assess apprentices, trainees or new recruits (ranging from young entrants, to new CEOs) in the workplace, commensurate with their own level of experience and qualifications, as required by their employer or their sector.

Coaching skills involve complex communication techniques to actively listen, provide feedback and to engage learners in planning their individualised learning programme. These skills are also integral to assessing learners' competence in-relation to work-related/industry standards and life skills.

You can see more information about the apprenticeship standard at [Skills England](https://www.skillsengland.co.uk/).
